

## AlphaMundi Group & Switzerland for UNHCR Fundraising Emergency Appeal

The AlphaMundi Group Ltd (AMG) is partnering with Switzerland for UNHCR to run a fundraising emergency appeal to support the thousands of people fleeing their homes in Ukraine in search of safety.

The UN High Commissioner for Refugees, Filippo Grandi, has stated that the humanitarian consequences of this conflict on civilians will be devastating.

**The conflict in Ukraine has triggered the fastest-growing refugee crisis in Europe since World War II** and the flow of refugees is sadly expected to continue to grow.

The number of newly displaced families within Ukraine or crossing borders to seek safety keeps increasing dramatically by the hour. [According to the UNHCR](#), more than 3 million Ukrainian refugees have fled to neighboring countries since 24 February, with another 2 million displaced internally by the conflict.

UNHCR is urgently upscaling relief operations across Ukraine and in neighboring countries to support fleeing civilians.

We appeal to your charitable spirit to help ensure that Ukrainians forced to flee their homes are sheltered and safe.

**AMG will match the first CHF 10'000 received by 30 June 2022 via this donation link:**
